

**Topic:**

POSSIBLE NEW RESORT ON WESTERN BEACH

The local authorities would like to develop tourism in this area. One suggestion is to turn the western beach area, a popular place for local people, into a luxury resort with a five star hotel. While this may attract more business, people fear that the beach will be lost to local people. Is this what the community wants? Write to the council and tell them.

Write a letter to the city council, saying whether you agree or disagree with the plan. Give reasons and suggest what you think should be done. Begin your letter, Dear Mayor.

(CHOICES ECCE pg39)

Dear Mayor,

I have read about the plan to turn the western beach area into a luxury resort with a five-star hotel and I am writing, that letter, to express my opinion.

There are a lot of citizens who believe that it isn't a good plan. There will be too much traffic, noise, and air pollution. In addition, the beach will no longer be a romantic place, because there will be too many people.

On the other hand, there are a lot of people who believe that it is a great idea. Local shops will earn much more money than before. Another benefit is that the hotel will give jobs to the local people and it will upgrade the local facilities such as roads, parks, museums and hospitals.

For all these reasons, I fully support the implementation of this great plan.

*Sincerely,*  
*Elena Tsioli*
