

Topic:

POSSIBLE NEW RESORT ON WESTERN BEACH

The local authorities would like to develop tourism in this area. One suggestion is to turn the western beach area, a popular place for local people, into a luxury resort with a five star hotel. While this may attract more business, people fear that the beach will be lost to local people. Is this what the community wants? Write to the council and tell them.

Write a letter to the city council, saying whether you agree or disagree with the plan. Give reasons and suggest what you think should be done. Begin your letter, Dear Mayor.

(CHOICES ECCE pg39)

Dear Mayor,

I've heard about the idea of the local authorities to make Western Beach a luxury resort for tourists.

First of all, I must say that it has both good and bad points. Some advantages are that it could bring money to the local community, create jobs, and upgrade the area.

But, after that, there would be too much traffic, there would be pollution and noise because of the overcrowded beach, which will not be a romantic place any more.

In my opinion, the beach should remain as it is, available only to the local people.

I hope you take my suggestions into account.

Sincerely,

Charis Antonakis
