

### "Let Her Go" by Passenger

Well you only need the light when it's burning (1).....

Only miss the sun when it starts to (2) .....

*Only know you love her when you let her go*

Only know you've been (3) ..... when you're feeling low

Only hate the road when you're missing (4) .....

*Only know you love her when you let her go*

*And you let her go*

Staring at the bottom of your (5) .....

Hoping one day you'll make a dream (6) .....

But dreams come slow and they go so fast

You see her when you (7) ..... your eyes

Maybe one day you'll understand why

Everything you touch surely dies

- refrain -

Staring at the ceiling in the (8) .....

Same old empty feeling in your (9) .....

Cause love comes slow and it goes so fast

Well you see her when you (10) ..... asleep

But never to touch and never to keep

Cause you loved her too much and you (11) ..... too deep

- refrain -
