

UW Health **Clinical Psychologist Dr. Shilagh Mirgain** has some tips on peer pressure.

01. Is peer pressure sth that affects only kids or adults as well?

02. What can be a positive aspect of peer pressure?

03. The bowling alley bumpers vs the crabs in the bucket example. What do these two images illustrate?

04. Name the three strategies suggested:

a.

b.

c.

Homework: Write a 40-word paragraph and prepare an oral presentation on What is Peer Pressure and How to deal with it.
