A person I admire

(Who the person is and why you chose him/her)

Thomas has been my friend for years. I met him at a summer camp four years ago and we've been best friends ever after.

(Appearance)

Thomas is sixteen years old. He's well-built, of average height with sparkling blue eyes. He's usually casually dressed in comfortable clothes. It's not like him to be eccentric so you he doesn't wear any unusual accessories or any extreme hair styles.

(Personality and behaviour)

As for his personality, Thomas has a unique blend of characteristics. On the one hand, he's outgoing and sociable. He's got a great sense of humor and easily makes good friends. On the other hand he is a bit of a loner sometimes. He enjoys staying at home alone reading books and watching documentaries. He loves history and art. In other words he is the kind of person who's always got something interesting to say. Moreover, I can always turn to Thomas when I need support or advice. He's always there for me even if he is very busy.

(Conclusion – your feelings about this person)

For me Thomas is not only a friend but also a role model. I try to have a balance between my private hours and the time I spend with friends, just like him. I feel lucky that Thomas is my friend.
